About Stagelight

The Burlington Dance Academy Stagelight Summer Camp program is run by a staff of experienced Director and Counselors.

Using the entire Burlington Dance Academy facility, the summer camp offers a large, bright and air-conditioned environment.

We offer instruction in dance, drama, and arts and crafts. The campers also have an opportunity to design and create the set and props, as well as prepare their own costumes. Each session finishes with a musical production.

Somehow we still find time to let loose with 'special' camp events that include *Stagelight Idol*, *Hollywood Day*, *World Games Day*, and *Pajama Day*. During these events all campers get to dress up and participate in activities unrelated to the show. Each session will include a different mix of these events, so campers attending will get a new and fun mix along with each show!

Along with 'get-to-know-you' games and camp songs, there is also 'quiet time' during lunch to sit down and recharge for the afternoon activities.

We take great pride in our summer staff who are hired based on qualities of leadership and their love of children. They go through mandatory annual training in health and safety issues.

Our Philosophy

- to develop performance skills in the areas of dance, voice, and drama
- to provide a safe and inclusive environment
- to build self-esteem and confidence
- to have fun, Fun, FUN!

Information Package

All camp families will receive an information package at least two weeks prior to the start of their session. We ask that you complete the health forms and special food order forms found in this package and submit them on the first day.

Pizza Day

Once a week we provide a lunch for our campers as a way to celebrate all that we have accomplished! Each camper will receive two slices of pizza and a peanut/nut-free treat.

Before and After Care

Supervision is provided by our camp counselors for 'before and after' camp hours. These hours are specified on the back of this brochure. The sign-up and payment process for this service is outlined in detail in the information package.
